

How do group bookings at XP-VR work?

Our standard group and party hire packages outlined below are for a 90 minute duration, unless otherwise stated. Depending on how many players in your group or party, our team will rotate players in and out of the headsets / equipment so that each player gets an equal amount of play time in the hire duration booked. See details of our hire packages below.

Non Exclusive Hire Package

We have 5 VR play arenas upstairs at our venue that are used for non-exclusive group bookings.

1. This allows 4 players in your group to play together at the same time in a multiplayer game.
2. The remaining VR arena will be used for a quicker single player game, giving the players in your group that are waiting to play the multiplayer game something to play whilst they wait.
3. Once the 4 player multiplayer game ends, our staff will rotate the players in/out with players who have not yet had a go. The players who were previously in the multiplayer game can now take part in the quicker single player game and watch the other players attempt to beat their scores!
4. This rotation cycle between different games will happen a further 1-2 times depending on your group size and hire duration booked.

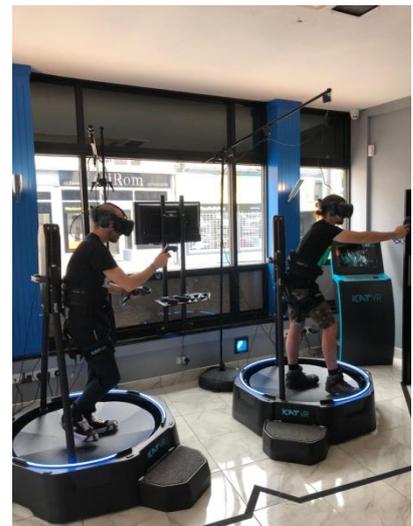

Our venue will remain open to the public for the duration. Use of our other VR equipment is not included.

Exclusive Hire Package

We have 5 VR play arenas upstairs and 2 VR play arenas downstairs, along with our 7D VR Flying and 7D VR Racing Simulators. Our exclusive hire package includes full use of the entire venue and may also include use of our 2 VR walk stations (depending on package booked).

1. Exclusive hire allows 5 players in your group to play together at the same time in a multiplayer game upstairs.
2. The 2 VR arenas downstairs will be used for 2 separate single player games for your group to take part in.
3. The remaining players in your group that are waiting to play inside a game have the choice to play on our 2 VR simulators, 2 VR-walk stations (if booked) or watch all of the action on the TV's before their turn.
4. Our staff will rotate the players in/out with players who have not yet had a go on any of the equipment. This rotation cycle between different games will happen a further 1-2 times depending on your group size and hire duration booked.

Our exclusive hire package is recommended for large groups and allows a much greater variety of incredibly fun experiences for everyone to enjoy. The venue will be closed to the general public for the duration and your group will have full use of the building.

Recommended Games for Groups

Our discounted group and party rates do not include access to our full games library. If you would like to select games from our full games library containing over 40+ games then please ask for pricing.

We want all of our customers to have an enjoyable and memorable experience. In our experience, groups that play the same games together generally have more fun, bond closer and leave being able to share the same laughs and memories. It is also easier for our team to explain the same game controls to everyone at the same time, rather than players 'doing their own thing' becoming frustrated at not knowing what to do, or worse - being rotated out of the headset with another player before they have had chance to play inside the game properly.

For this reason, we restrict and set the games that your group can play to ensure that everyone has a great time.

We've hand-picked a selection of fun VR games below that are perfect to play as a group when visiting XP-VR. All of the below games have been selected for their ease of use, non-complicated controls and are guaranteed to generate a laugh from both the players taking part and spectators watching all of the action on the TV screens.

Our team can tailor the games your group can play to your requirements. Whether it be team-building, group reward or just an opportunity to relax and have some fun, please let us know and we will be happy to organise this for you.

Alternatively, you can pick from the selection of recommended games shown on the following pages.

Typically in a 90 minute hire period, we ask you to pick the following*:

- x2 'MULTIPLAYER' games
- x2 '1-PLAYER AT A TIME' games.

(*The above is given as an example and may change depending on the hire package you book)
Our team will be able to advise you of how many games from each category that you may pick.

Games highlighted below in GREEN are perfect for all ages, no skill or ability needed. The perfect intro to VR.

Games highlighted below in ORANGE require a bit more skill, but are great fun once used to the game.

Recommended Multiplayer Games

Name: VR Paintball

Type: Paintball Battle

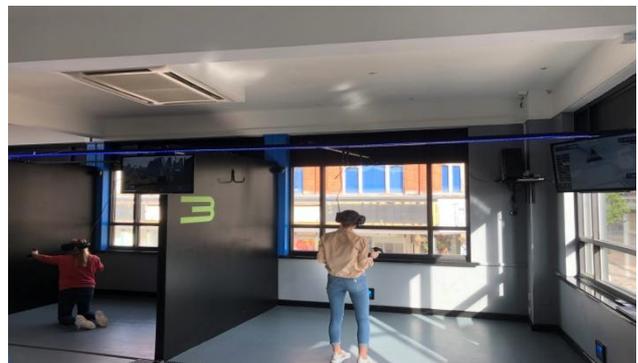

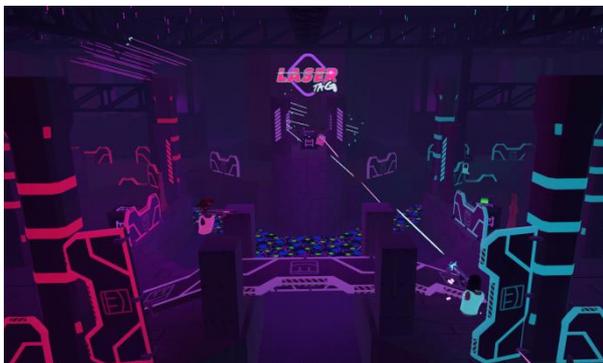

Players: 2 - 4 (>7 if exclusive hire)

General play:

Players pick to play on either the blue or red team before each team battles it out to capture the other team's flag from their base, as well as splatting them with virtual paint balls. Seek out hiding places, take cover behind obstacles and let the paintballs fly! Good fun, easy to get the hang of and generates a laugh.

Competition element (optional):

We divide your group into two teams. Each team battles it out to capture the other team's flag from their base. Team scores are recorded. When the game ends, we switch the losing players out with others who haven't had a go until the overall team wins. The winning team then play a death match against each other individually until the overall paintball champion is found!

Name: VR Laser Tag

Type: Laser Tag Battle

Players: 2 - 4 (>7 if exclusive hire)

General play:

Players pick to play on either the green or orange team and use laser guns to shoot at each other, ducking behind obstacles in a futuristic laser tag arena setting. Each team also has 'robots' on their side to assist them, that also go around shooting the opposing team's players. Really good fun, easy to get the hang of and guaranteed to generate a laugh.

Competition element (optional):

We divide your group into two teams. Each team battles it out to blast their opposing team mates with laser guns. Better laser kills get better scores. When the game ends, we switch the losing players out with others who haven't had a go until the overall team wins. The winning team then play a death match against each other individually until the overall laser tag champion is found!

Name: After-H

Type: Sci-Fi Shooter Battle

Players: 2 - 4 (>7 if exclusive hire)

General play:

Players must join the Martian battlefields and fight on the side of the Alliance or the side of the Rebels in a fast-paced, sci-fi battle. 100% competitive gameplay - only bravery and collaboration matter. Experience realistic manipulations and futurist gun fighting. Fight all over the solar system, indoor and outdoor. Duck, cover and use obstacles to blast the opposing team to victory. Great fun for everyone!

Competition element (optional):

We divide your group into two teams. One team plays as the Alliance, the other on the side of the Rebels. Each team battles to shoot the most opponents to win the highest score. The winning team then split in to a player vs. player death match until the ultimate victor in your group is found!

Name: Elven Assassin

Type: Archery Challenge

Players: 1 - 4

General play:

Players unite as a team and work together in fantasy watch towers to defend the town from being overrun with enemy orcs, trolls and dragons. Using nothing but epic archery skills, players must aim their arrows to fend off the onslaught. Will you become the ultimate Elven Assassin? Super immersive play, great graphics and lots of fun working together!

Competition element (optional):

In groups of 4, each player attempts to get the highest number of orc kills, ogre headshots and dragon kills. Accuracy is everything and each player must compete to get the best score and get their name onto Elven Assassin leader board!

Recommended 1-player at a time games:

Name: Beat Saber **Type:** Rhythm Contest **Players:** 1 player at a time only

General play:

Beat Saber is an immersive rhythm experience you have never seen before! Enjoy tons of handcrafted levels and swing your way through the pulsing music beats, surrounded by a futuristic world. Use your sabers to slash the beats as they come flying at you – every beat indicates which saber you need to use and the direction you need to match. Generates lots of laughs and perfect for any skill or ability!

Competition mode (optional):

Players must take it in turns to wield their sabers against the same music track, on the same difficulty settings to see how many points they can achieve. After each round, the player with the lowest points is disqualified and the music track is then changed. Players then continue playing competitive rounds until the overall Beat Saber champion is found!

Name: SUPERHOT VR **Type:** Action / Combat Contest **Players:** 1 player at a time only

General play:

Blurring the lines between cautious strategy and unbridled mayhem, time moves only when the player moves. Players must pass different levels scenarios, outnumbered and outgunned, grabbing weapons off fallen enemies to shoot, slice, and manoeuvre through a hurricane of slow-motion bullets. Score points for different enemy kills!

Competition mode (optional):

Players play in a 5 minute timed contest to complete as many levels as they can and score the most points. Points in the game are awarded on the player's skill and the methods they use to kill the enemies. At the end of the game, points are automatically totalled and their ranking position is shown on the in the game leader board. Who will reign as the SUPERHOT champion?

Name: Ninja Legends

Type: Ninja Tournament

Players: 1 player at a time only

General play:

Players experience blood pumping action in immersive and beautiful VR environments. Hone your abilities with unique ninja weapons like katanas, claws and the staff and pair them with special abilities including a chain dart, shadow step and the bow. Enemy ninjas will utilize cooperative group attacks to swarm and surround you. You'll need to attack and block 360 degrees of action to survive!

Competition mode (optional):

At the end of each players turn, players input their initials onto the in-built leader board within the game. The player with the highest score at the end of the session wins the competition to be your group's ultimate ninja!

Name: Space Pirate Trainer

Type: Space / Blaster Shooter

Players: 1 player at a time only

General play:

Players fight off relentless waves of droids with all the weapons and gadgets they would ever need as a space pirate. Dodge some of those incoming lasers though, since just using your shields won't get you in the top rankings. Pick up your blasters, battle the incoming droids attacking from all angles and blast your way into the hall of fame!

Competition mode (optional):

At the end of each players turn, players input their initials onto the in-built leader board within the game. The player with the highest score at the end of the session wins the competition to be your group's ultimate space pirate!
